**Subject:** NEW CONFIRMED COVID OB [redacted] 17(1) [redacted] 24 (1) (b)  
Facility] [Facility wide] OPEN

**CAUTION: This email has been sent from an external source. Treat hyperlinks and attachments in this email with care.**

Facility wide outbreak opened Nov 15th

[redacted] 24 (1) (b)

Initial onset of first case: Nov 3  
Number of confirmed positive inmates: 0  
Number of ill inmates/total population at risk: [0/263]  
Number of confirmed positive staff:6  
Number of ill staff/total population at risk: [6/380]  
Number of hospitalizations:0  
Number of deaths:0

NP swabs to be collected for all symptomatic residents and staff as RPP is also required.  
Swab collection to be initiated for all asymptomatic residents and staff, to be sent for COVID-19 testing only and proceed using the most appropriate swab type as per the current ProvLab guidance and test kit availability.

Routine IPC outbreak measures apply to the **entire facility** including (but are not limited to) social distancing including dining room, isolation of ill residents, outbreak signage posted, enhanced cleaning, strict hand hygiene, restriction of visitors, and cancellation of group activities.

In addition, specific recommendations are in place to prevent the spread of COVID-19 for the facility wide including (but are not limited to) additional use of isolation and PPE for residents and staff as discussed with Infection Prevention Control, co-horting of residents, and staff work restrictions. Restrictions on admissions and transfer are in place for the **entire facility**. Exclusion of staff as determined by the Occupational Health and Safety, MOH and Medical Director.

[redacted] 17(1); 24(1)(a)

[redacted] 17(1); 24(1)(a) The MOH has been consulted and recommended declaring an outbreak and site wide asymptomatic swabbing, the site is currently organizing. No inmates have been reported symptomatic or any other staff members.
