Subject: Upcoming Abbott Panbio and ID Now Training Sessions

Good afternoon everyone,

I just wanted to give you a quick look ahead at what the upcoming weeks are looking like in terms of training sessions for both the Abbott ID Now and the Panbio devices. The meeting invites for these sessions will be sent separately, but we thought this list may be helpful to plan as necessary:

Session times

First week of March

- Wednesday, March 3rd: 1:00PM - Panbio training
- Thursday, March 4th: 4:30PM - Abbott ID now training

Second week of March

- Wednesday, March 10th: 1:30PM - Abbott ID Now training
- Thursday, March 11th: 4:30PM - Panbio training

Third week of March

- Wednesday, March 17th: 1:30PM - Panbio training
- Thursday, March 18th: 4:30PM - Abbott ID now training

These sessions are the only outstanding training sessions scheduled with Abbott at this time. Please make any necessary arrangements for healthcare staff to attend the sessions they require. We will reassess training requirements nearer to the end of this three week plan.

Don't hesitate to reach out to either myself or Semini should you have any questions.

Thank you and have a wonderful evening!

Madison
