Ok. I will signal to Communications that the SM can go as is but we are doing a quick check to confirm. Can you let me know as soon as you know the confirmation?

Thanks so much, Emily

V.

Hi Vanessa – yes, I'm sorry, I forgot to mention this in my update this morning.
Yes, today is the day. For good practice, we are waiting for confirmation from the site that nothing unexpected/unusual has happened in recent days that could delay the end of the outbreak. I expect we will receive confirmation soon and that the Joyceville outbreak will be declared over today.
Emily

Olivia and Emily,

Are you able to confirm the accuracy of the social media below?
Re Joyceville outbreak

thanks

Yes, assuming the dates are correct for the outbreak being over. If you believe the dates are not please confirm the dates with Olivia and Emily before approving these as they are always more conservative.

Jenn

Jennifer,

Communications would like approval of the following social media re Joyceville.

Submitted for your review and approval.

Vanessa

Subject: Social Media about the End of Outbreaks in the Prairie

Hi Vanessa,

Is HS ok if we issue the following social media tomorrow?

(Feb 25 TBD) The #COVID19 outbreak at Joyceville Institution has ended. Based on public health outbreak management principles, an outbreak is declared over 28 days after the recovery date of the last positive case. Safety measures remain in place and we are continuing to monitor the situation at all of our institutions. More info: <https://www.csc-scc.gc.ca/001/006/001006-1014-en.shtml>

Thanks,
Stephanie
