IN THE EVENT OF A RESIDENT REPORTING THE FOLLOWING CONDITIONS. PLEASE USE THIS AS A GUIDE

- Fever
- New Cough
- Difficulty Breathing

1. Stay 2 – 3 meters away from the resident
2. Get the resident to wash his hands immediately
3. Give the resident the envelop marked “residents envelope” (containing 1 mask and 1 set of gloves) found in the CM office.
4. Direct the resident to the PFV, and remain in the PFV until assessed by the Nurse.
5. Ensure the residents room is secured and logged
6. Advise all the residents in the unit of the isolated resident to remain in the until advised it is clear.
7. **Call Health care (Marcy), if after hours 604-816-0390**

Health Services will complete an assessment and make decision if inmate requires isolation.

If the resident needs to use the washroom before health care arrives, tell him to wear the mask and gloves and wash his hands

You will not be responsible to gown up or enter the room unless directed by health care. The proper PPE equipment will be issued at that time. Proper Procedures on removing the PPE is on the back.

What is Social/Physical Distancing?

Social distancing is the practice of reducing close contact between people to slow the spread of disease. It includes limiting large groups coming together, closing buildings, canceling events and advising people to stay at least six feet apart.

Things to Consider in the Workplace:

- Moving through Doorways: holding the door open for others versus, using the automatic door mechanisms, thus allowing a 1-2 meter/3-6 foot distance between colleagues where possible;
- Stopping at office doors before entering, to ensure there is enough space to move into and maintain a 2 meter/6 foot distance of space while in the office;
- Use of shared spaces: Eating in Lunch Rooms, Meetings in Boardrooms, shared work stations etc. ensure there is enough room to spread out and maneuver around maintaining at least a 2 meter/6 foot distance, where possible, and no less than 1 meter/3 feet.
