Re: Custody, Supervision and Rehabilitation Services COVID-19 Pandemic Update

As of this morning, the total number of positive cases in the offender population is 16. The Centre still has not had any new cases from unaffected units. This is due in part to your efforts in following masking and cleaning protocols. Please keep it up these important tasks and protocols.

There are several units under Isolation status:

- Unit 3A, 3B, 3C, Unit 4A/B, Unit 1C, Unit 2C3, Unit 2D3

Mass testing has resumed this week. This mass testing is super important as it will locate any further positive cases, so we can handle appropriately. Test results come in 24 to 48 hrs.

Canteen – During the week of December 20 to 24, 2021, your canteen spending limit will be increased to \$125 for that week only. This is because there will be no canteen orders or delivery the next week December 27 to 31, 2021, as there are only three workdays in that week. This occurs each year during the Christmas season.

We want to minimize the spread and risk as much as possible. You, the inmate population, can assist by:

- *Wearing your mask appropriately at all times when in common areas*
- *Cleaning and sanitizing common spaces and high touchpoint areas, including shared tables, bathrooms, and showers*
- *Frequently washing/sanitizing your hands, including before eating*
- *Taking advantage of the weekly vaccination clinics held at RCC*

Have you watched the news, the world is now on alert about a new Variant of Concern? This variant has already been detected in Ontario. Another reason to consider vaccination. If you would like to be vaccinated or would like more information about vaccines, please ask your Unit staff, ADDP or Nurse. We will also have flu vaccines available shortly.

Have you asked your ADDP about the decorating contest?

Thanks, and Stay Safe
