Subject: AHS response to outbreaks

Hey Kim and Mugove.

[Redacted] N/R

We are hoping, if it is ok with you Mugove, to discuss the AHS expectations for all of the places in Kim’s document where it says “should be immediately investigated if there is a child/staff with COVID-19 symptoms” at our meeting on Monday. That looks like [Redacted] N/R corrections [Redacted] N/R [Redacted] N/R Corrections is also likely dealt with because those environments are managed with corrections staff – although we may get brought in for advice...

Thanks, KBK
