Hello everyone,

As you may know, we experienced somewhat significant delay in receiving communication from the QUE region as to contact persons and shipping instructions – I am pleased to report I have given all relevant info for QUE to PHAC for shipment of these masks.

Our contact at PHAC (Morgann Reid), has been outstanding in speedily replying and actioning the requests Regan or I have made. I don't currently have an ETA for each site but I can confirm Morgann is in the process of having these masks shipped.

FYI we have confirmed shipping dates of 2021-02-19 to 2021-02-22 for the rest of the country.

If anyone has any other questions or concerns around this or anything else, please don't hesitate to reach out.

Have a good day,

Jeremy

Thanks Nancy,

I will let Jeremy provide an update on which sites have replied with shipping information so we can initiate the shipping of the masks to test with from NESS.

Thanks
CC

Subject: N95

Hi Chris,

Just finishing a call with RMC. We talked again about the fit-testing. They confirmed that nobody yet received the N95.

Do we have an idea when it will be done? Or do we miss any information that I could provide?

Thank you very much
