Hi,

France was indeed thinking of someone from HS who would be able to speak about public health and IPC in general. France and David Neufeld (USJE) are co-chairs of this committee.

Bev, if you are available and are willing to attend, that would also be great.

The meeting is March 1st, 1-3:30 PM. As mentioned to Ginette, we could ensure that this agenda item be put early in the agenda so that you would only have to attend the first hour.

Thanks.

Katherine.

Katherine,

When is the meeting? Do you know who else is coming.

Bev is in the best position to speak to the IRMF. She is really the expert and knows much better than anyone in health.

We can speak about public health and IPC in general.

HR is key for occupational health, leave etc.

Just want to make sure you have the right people at the table so we can answer all the questions.

For public health in general and IPC measures/principles, I can canvas somebody in health to attend if you want. When is the meeting?

Jenn

Importance: High

Chris,
Perhaps this is something you can consider and reply to Katherine.

Ginette

Importance: High

Hi Ginette,

On the agenda for the Advisory Committee on Community Safety and Operations next Monday is a discussion around COVID and the IRMF. ACCOP asked me to invite someone from Health Services to join the discussion given some of the questions/concerns/discussions might be relative to your area of expertise.

I am not sure who would be the best person to attend (I know this is also a last minute invitation). Let me know and I will flip you/them the invitation. The meeting is on March 1st, from 1-3:30 by VC. We could ensure that this agenda item be put early in the agenda so that you would only have to attend the first hour.

Many thanks

Katherine.
