Everyone,

I met with the Minister's Office yesterday and also had the chance to speak to Barbara at the end of an EOC yesterday.

Following those meetings, I played with some key messages and have a couple other thoughts we can discuss.

I'll ask my office to book something.

Also, think the time has shifted to SAC on Tuesday next week if that works for Dr. Worthington.

Jenn

Thanks Jim,
Will arrange a call for today or tomorrow with the hope of having it presented on Thursday.
Thanks

Hi Chris, a few comments,

- 2, adjust wording, " Review and request support for"
- 3, simplify into x communities facilities that CSC provides HC to and x sites that provinces do. If you want to get into specific sites include that in an appendix.
- 4, I'm not sure I'd include all the tests we do. I'd add here that CSC has worked with local PH, has extensive IPC practices despite this outbreaks continue & have very significant impact on inmates. If we can break down the factors leading to the outbreaks, eg, numbers traced to new admissions, suspected staff import, unknown ,
- 7, I'd ensure any staff who may come into an institution are included within the staff numbers,

8, move to an appendix,
9, first bullet," Requesting support for CSC vaccine staff strategy

We should have a call to discuss this, thanks Jim

Hi Jim,
Attached is the deck we are working on, hoping that you would be able to present on Thursday's SAC call offering for CSC to vaccinate staff as well as inmates.
It is still in development, feedback welcome.
Thanks
CC

Hi Jenn,

I have added some numbers for you, still waiting for Sec 81/84 information. I also don't have the number of offenders in community or CRF info.
