Thanks Does this have any impact on the Virtual Tour MEP we pitched for the same date? Any word on the status?

Hi all- please find attached PCO's new MEP template, which is in effect immediately. I understand that this has been sent to CSC Comms as well.

Could you please reformat the tour MEP, using this template? Thx

Good afternoon

As promised, please find attached the approved CSC MEP for the launch of the Virtual Tour.

Regrettably, a technical difficulty prevents us from providing you with a fully-functioning copy of the tour – at this time, it is still limited to CSC in-house capacity. However, as you and have experienced the demonstration, we have given you a PowerPoint with screen captures that provide a good visual depiction of the scope of the tour.

We will also be pleased to host your colleagues from Public Safety for a follow-up demonstration if it is required for processing this MEP.

Best regards,
