November 4, 2011

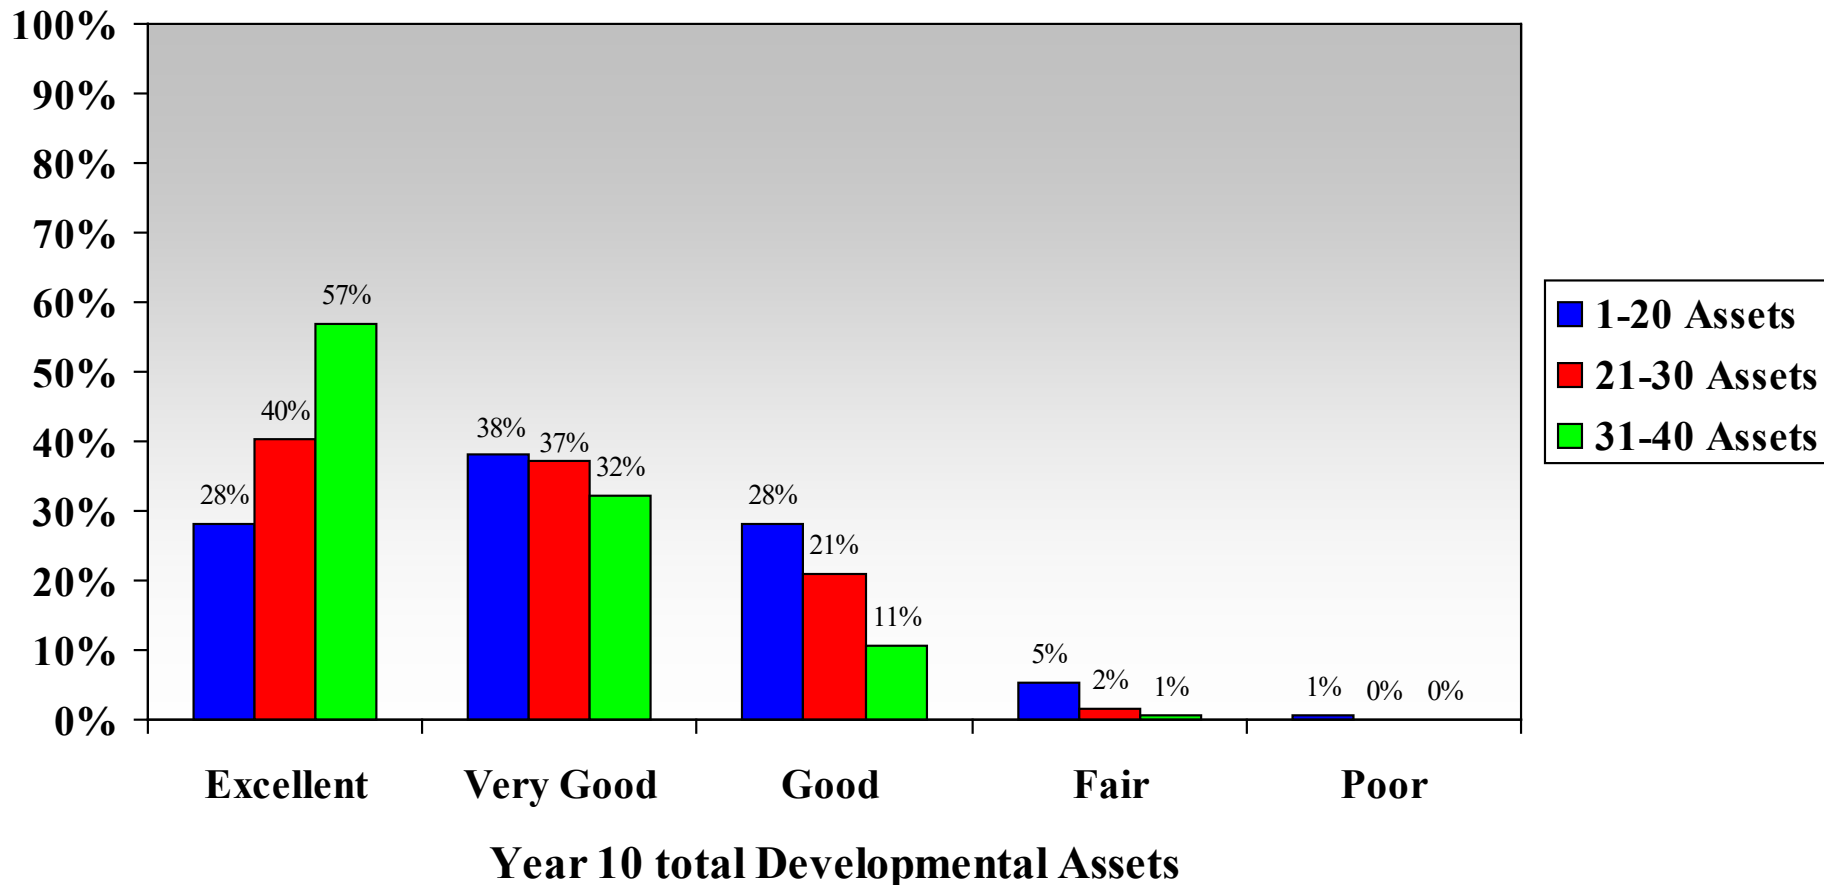

OnLAC sample: 1,354 young people in care, aged 12-17 in Year 10 (2010 – 2011)

- **Gender:**
 - 56% male
 - 44% female
- **Mean age:** 14.8 yrs
- **Placement setting:**
 - 71% foster home
 - 14% group home
 - 7% kinship care
 - 8% other
- (*Note:* These 1,354 young people had 10 or fewer items missing out of the 40 developmental asset items. Single imputation was used to impute values for any missing items.)

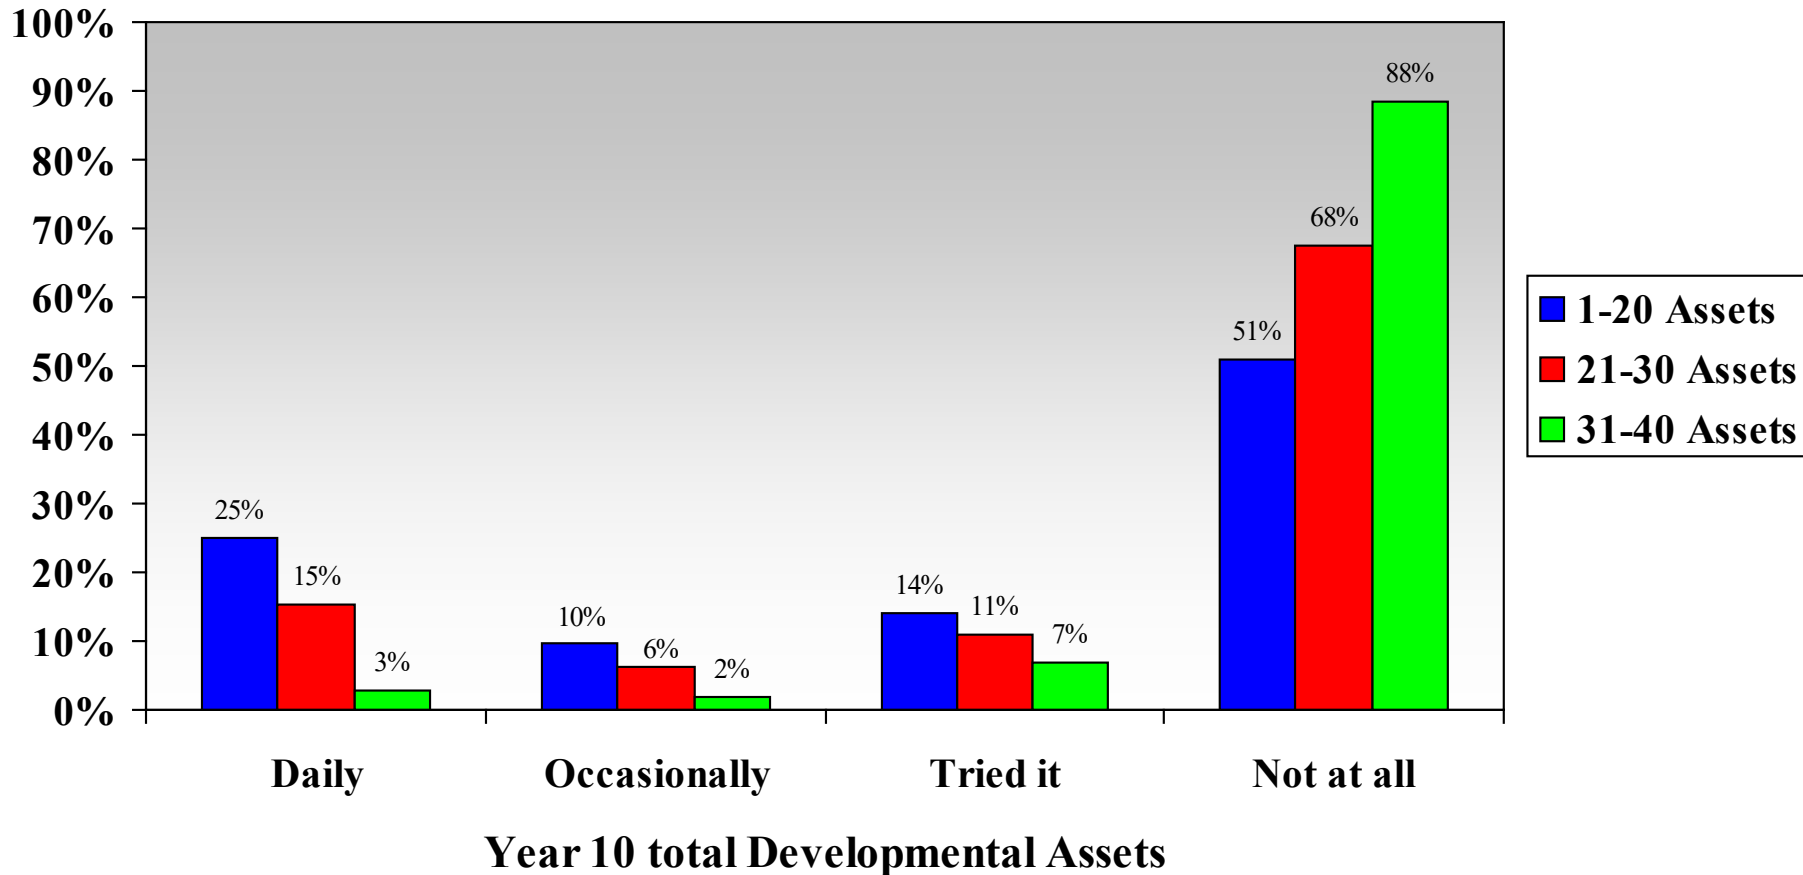

Total number of developmental assets for young people in care, OnLAC yr 10 ($N = 1,354$)

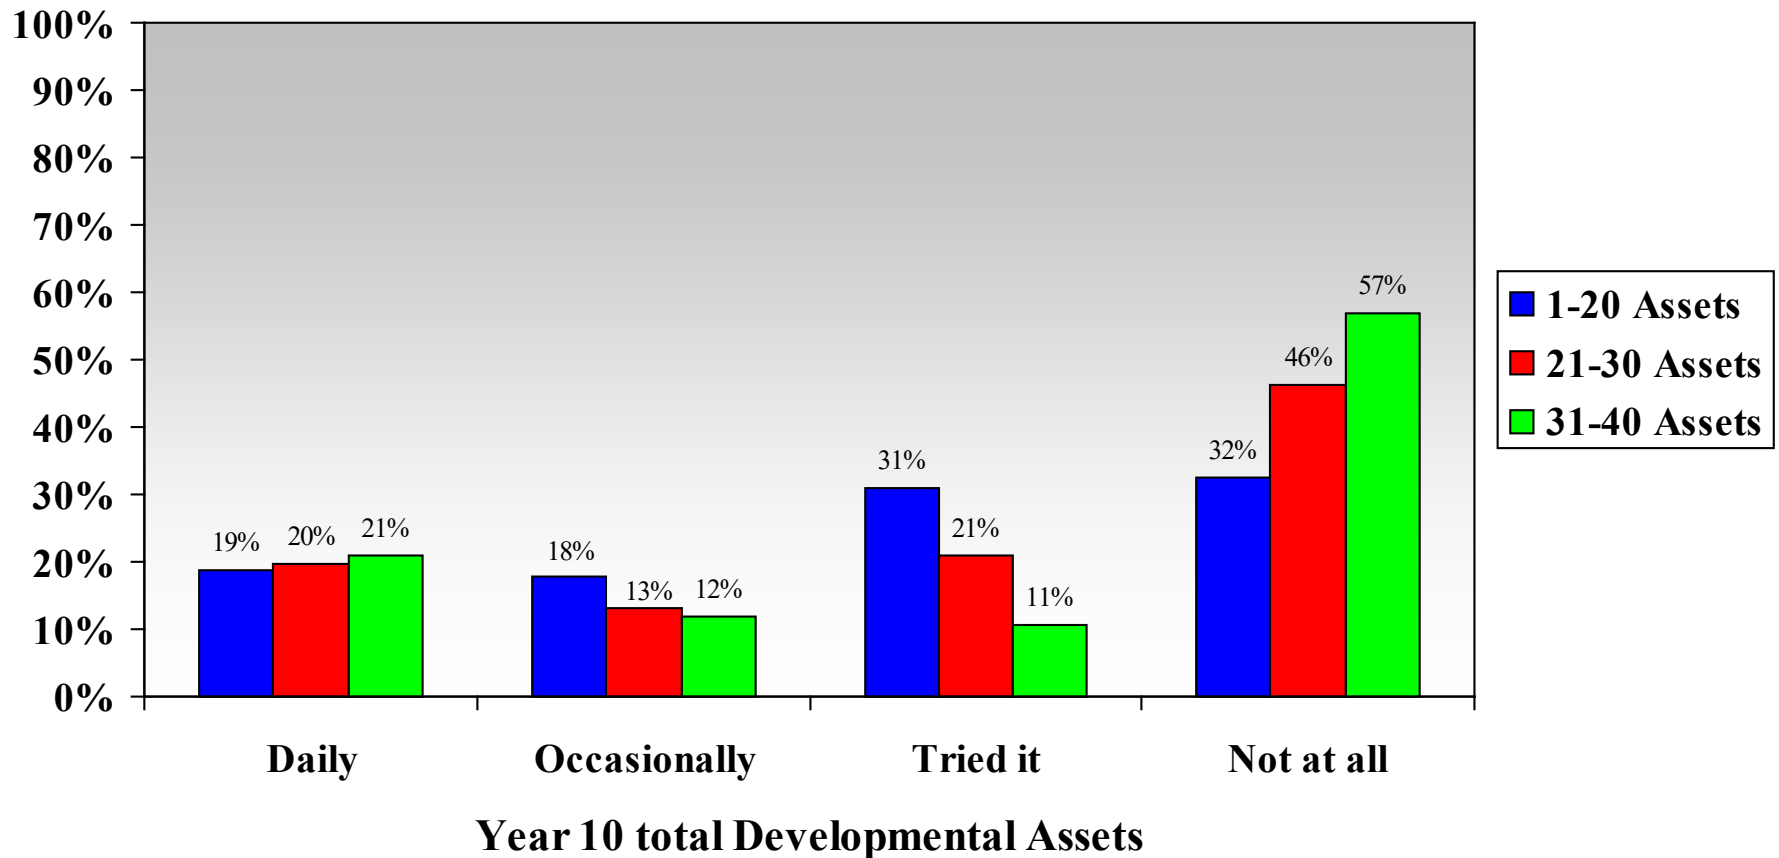

Health status of youth in care, by youth's total developmental assets ($n = 1,290$)

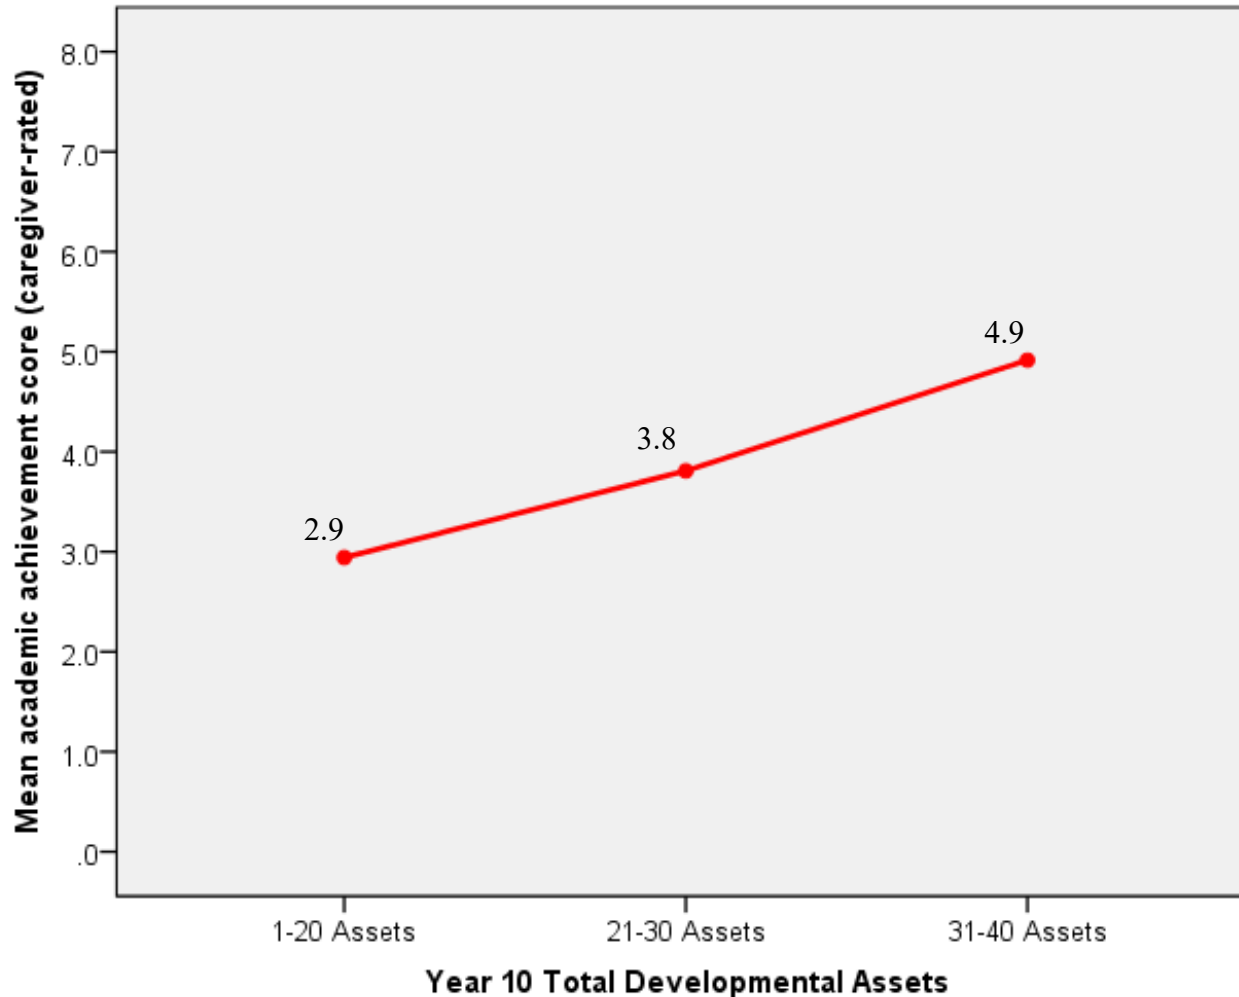

Youth in care's experience smoking cigarettes or using tobacco products, by youth's developmental assets, OnLAC yr 10 (*n* = 1,263)

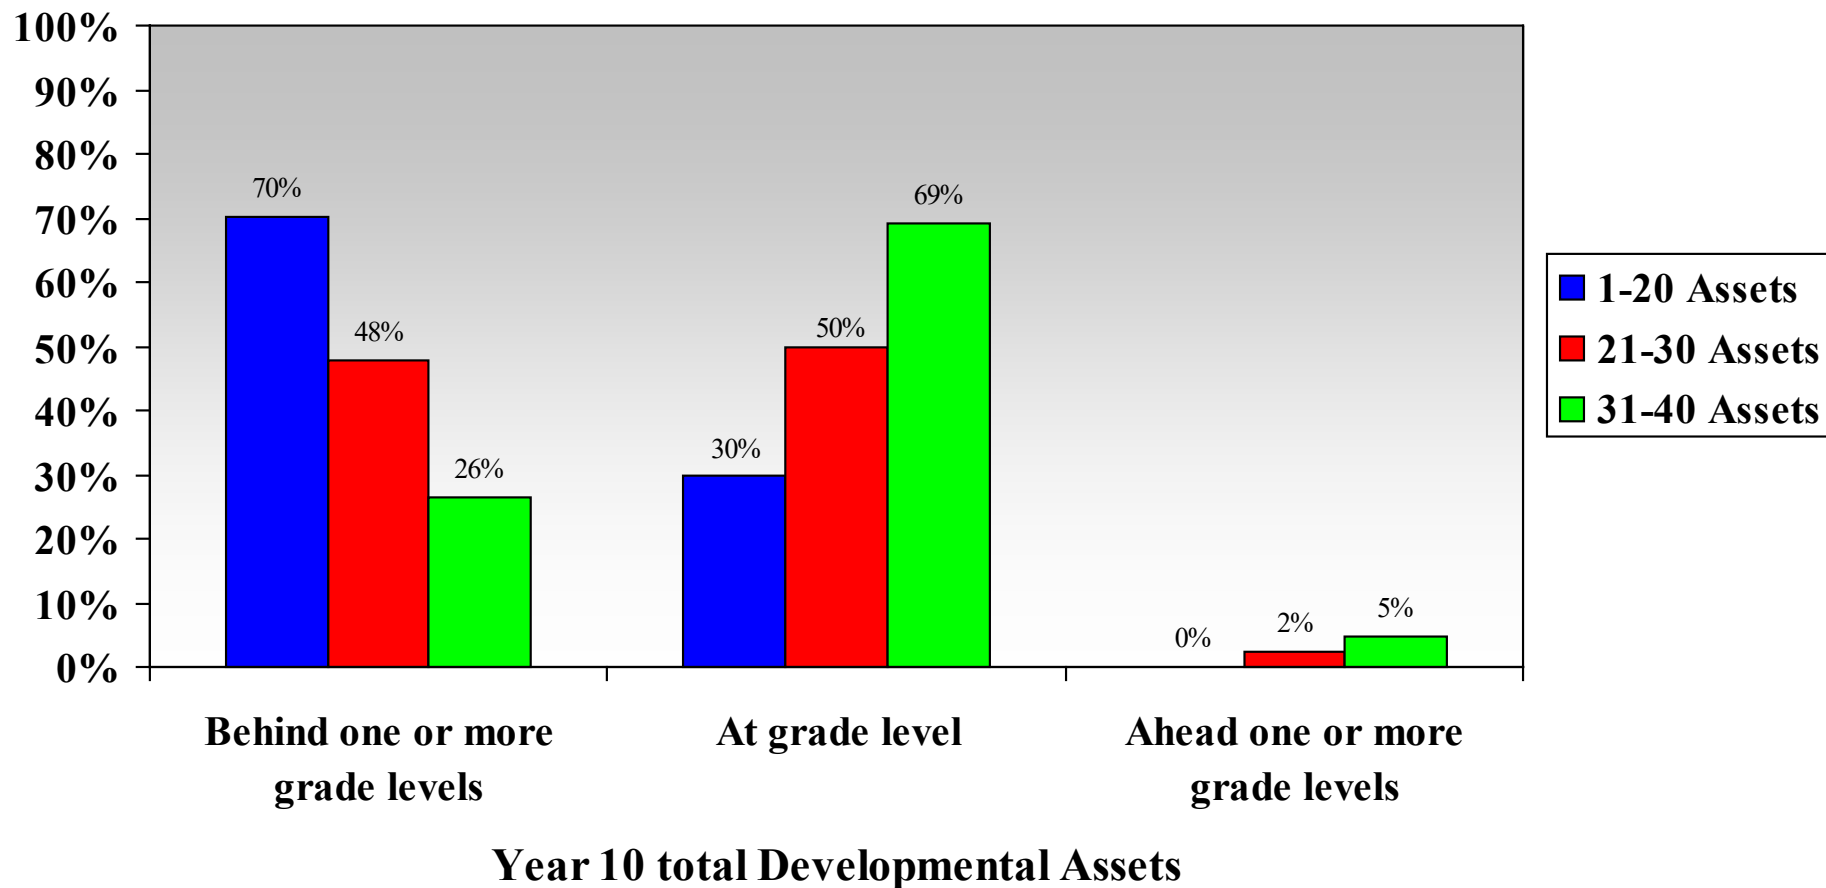

Youth in care's experience drinking alcohol (in the past 12 months), by youth's developmental assets, OnLAC yr 10 (*n* = 1,263)

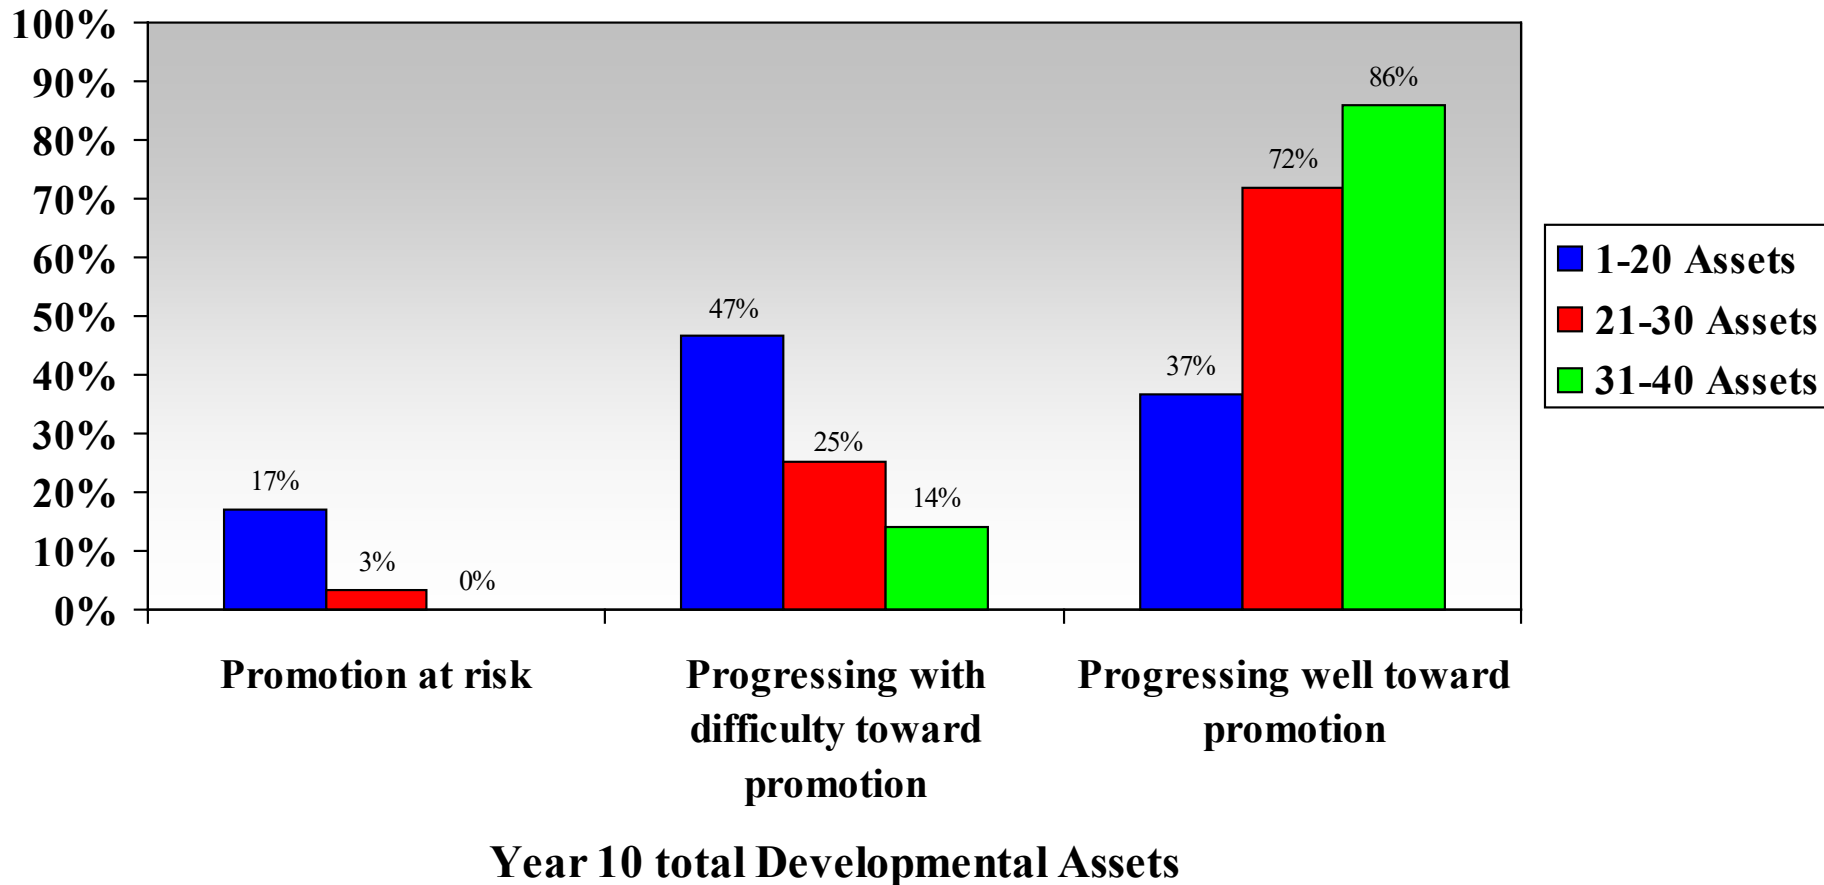

**Mean academic achievement score (as rated by the caregiver),
by youth in care's total developmental assets,
OnLAC yr 10 (*n* = 1246)**

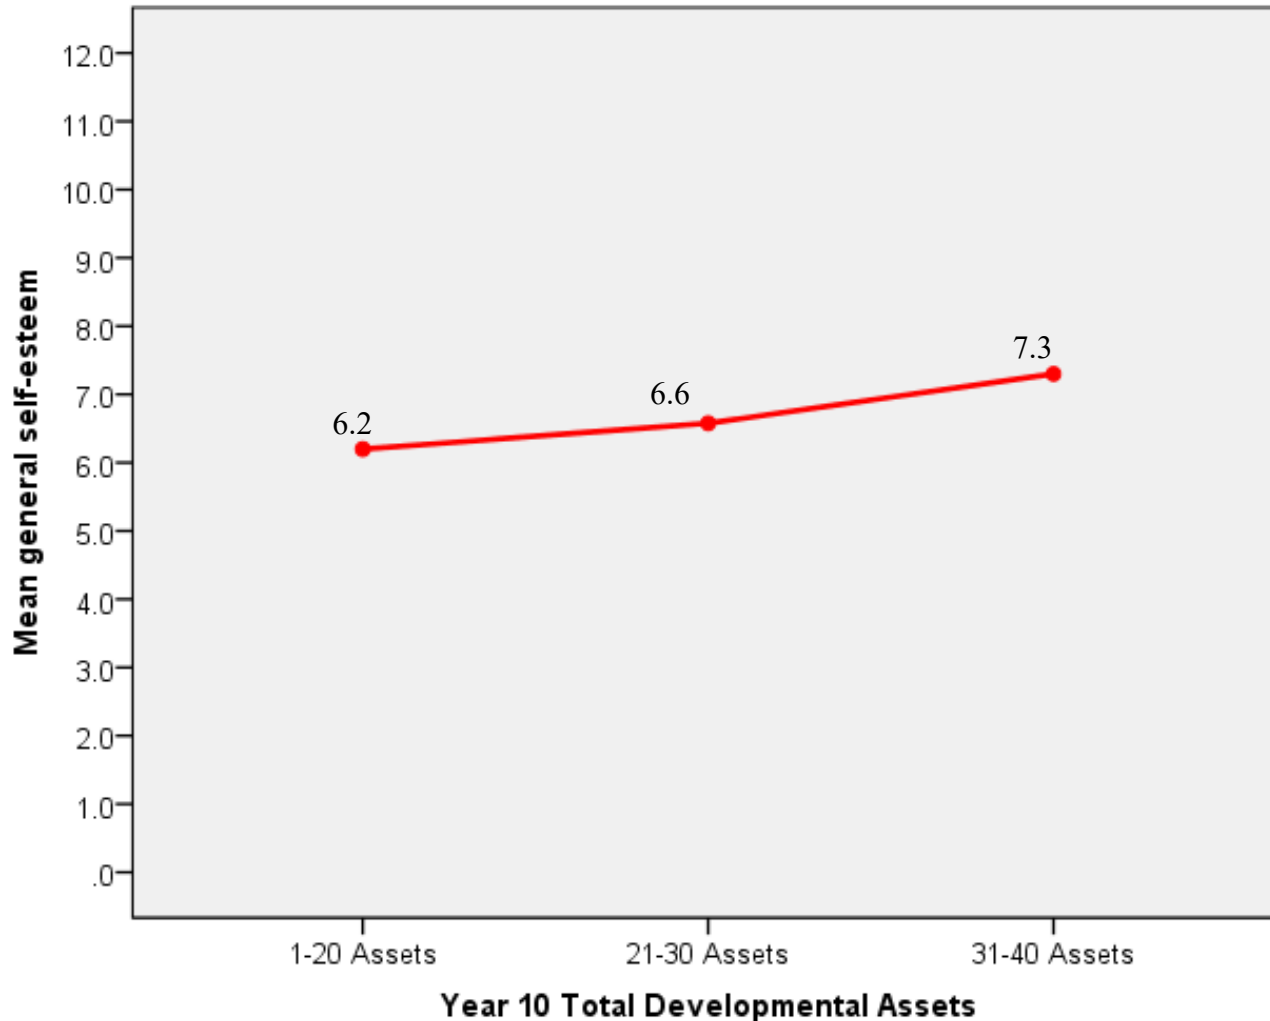

Youth in care's educational age-to-grade performance by youth's developmental assets, OnLAC yr 10 ($n = 1,263$)

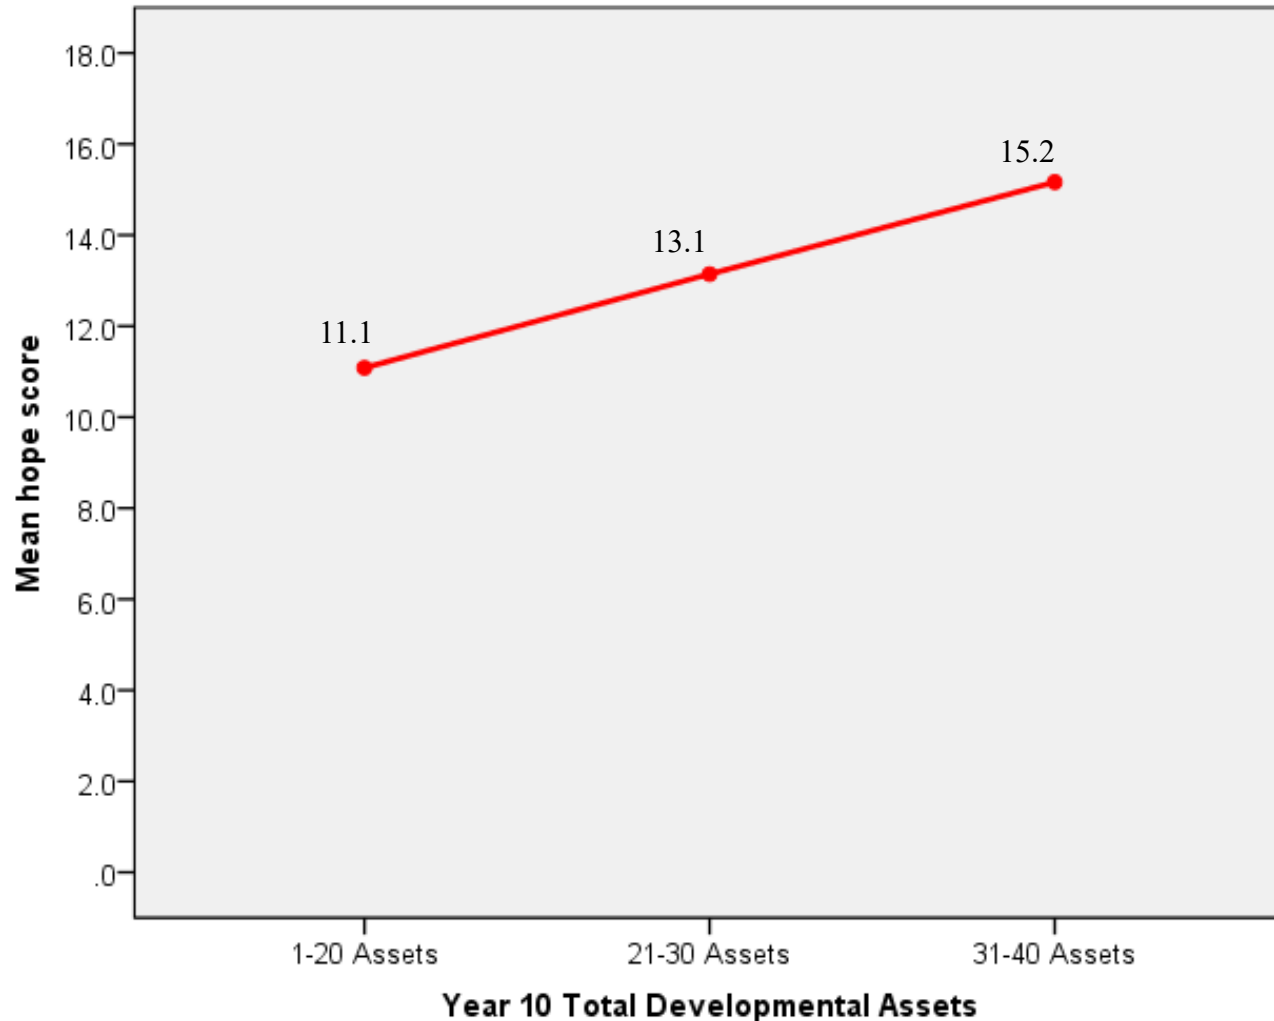

Status of educational progression of elementary school-aged youth in care, by youth's developmental assets, OnLAC yr 10 ($n = 551$)

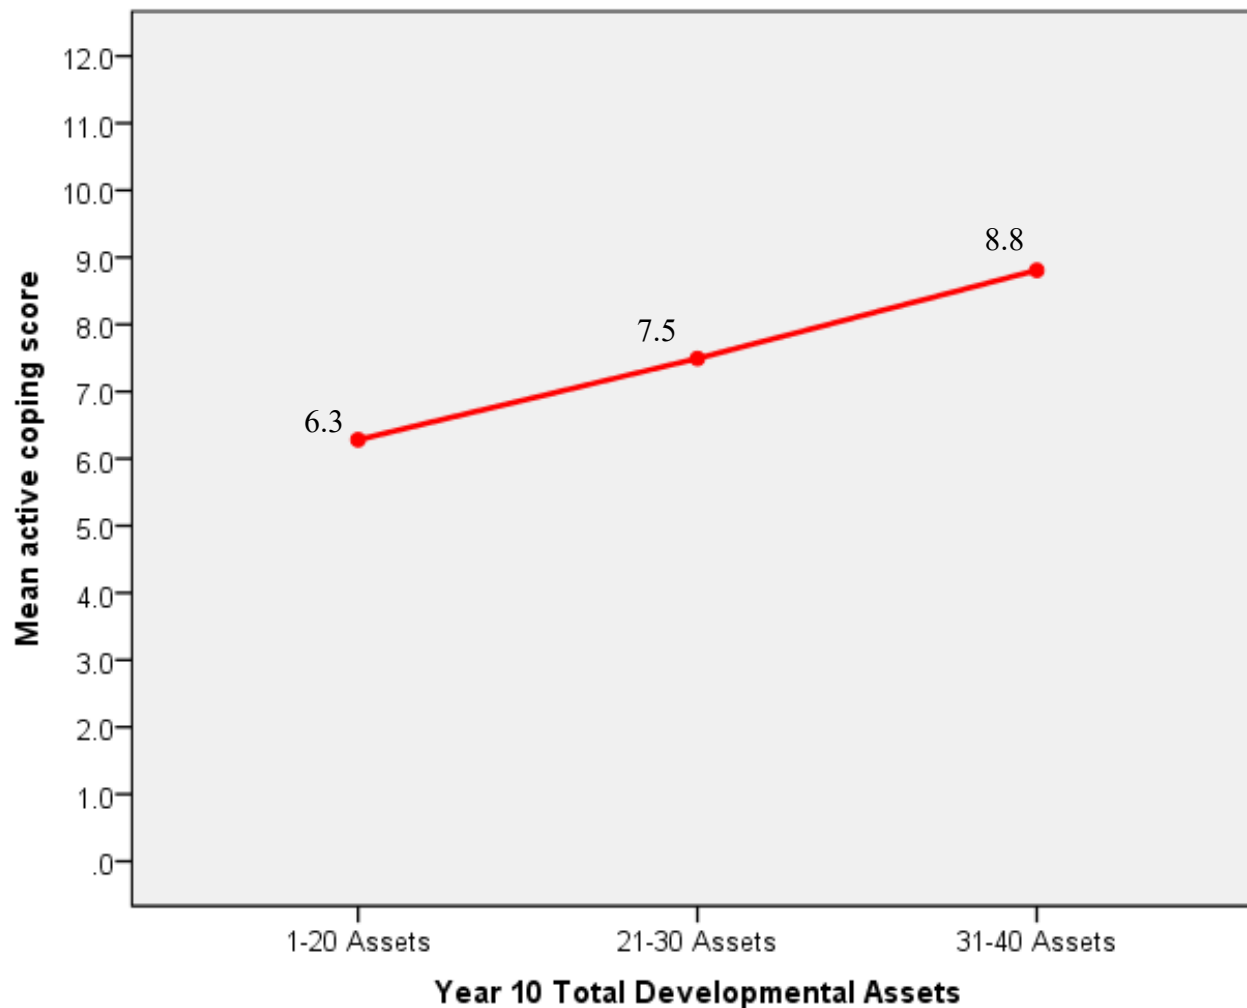

Mean general self-esteem score, by youth in care's total developmental assets, OnLAC yr 10 ($n = 1,250$)

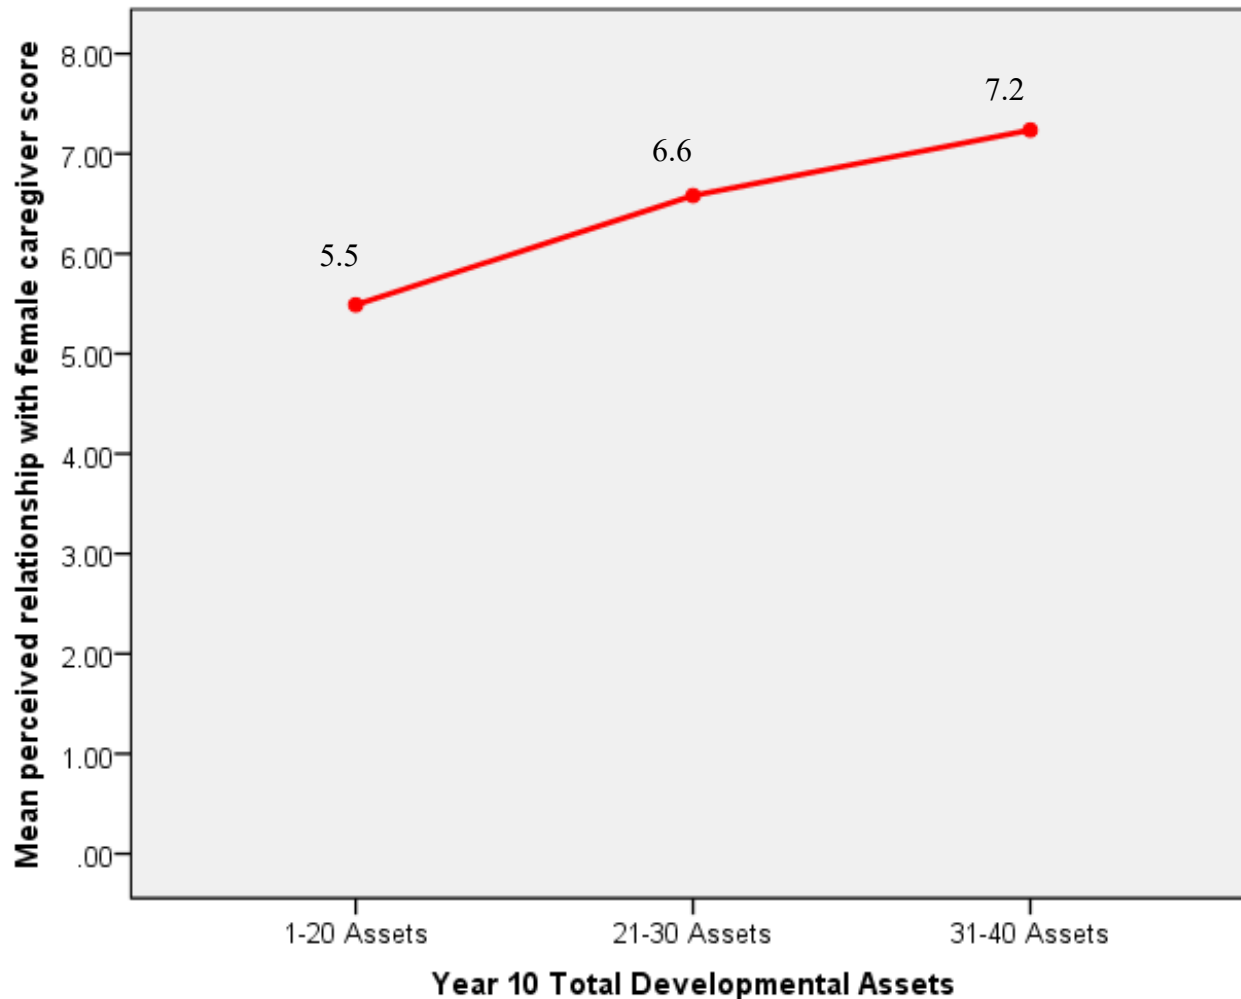

Mean hope score, by youth in care's total developmental assets, OnLAC yr 10 ($n = 1,229$)

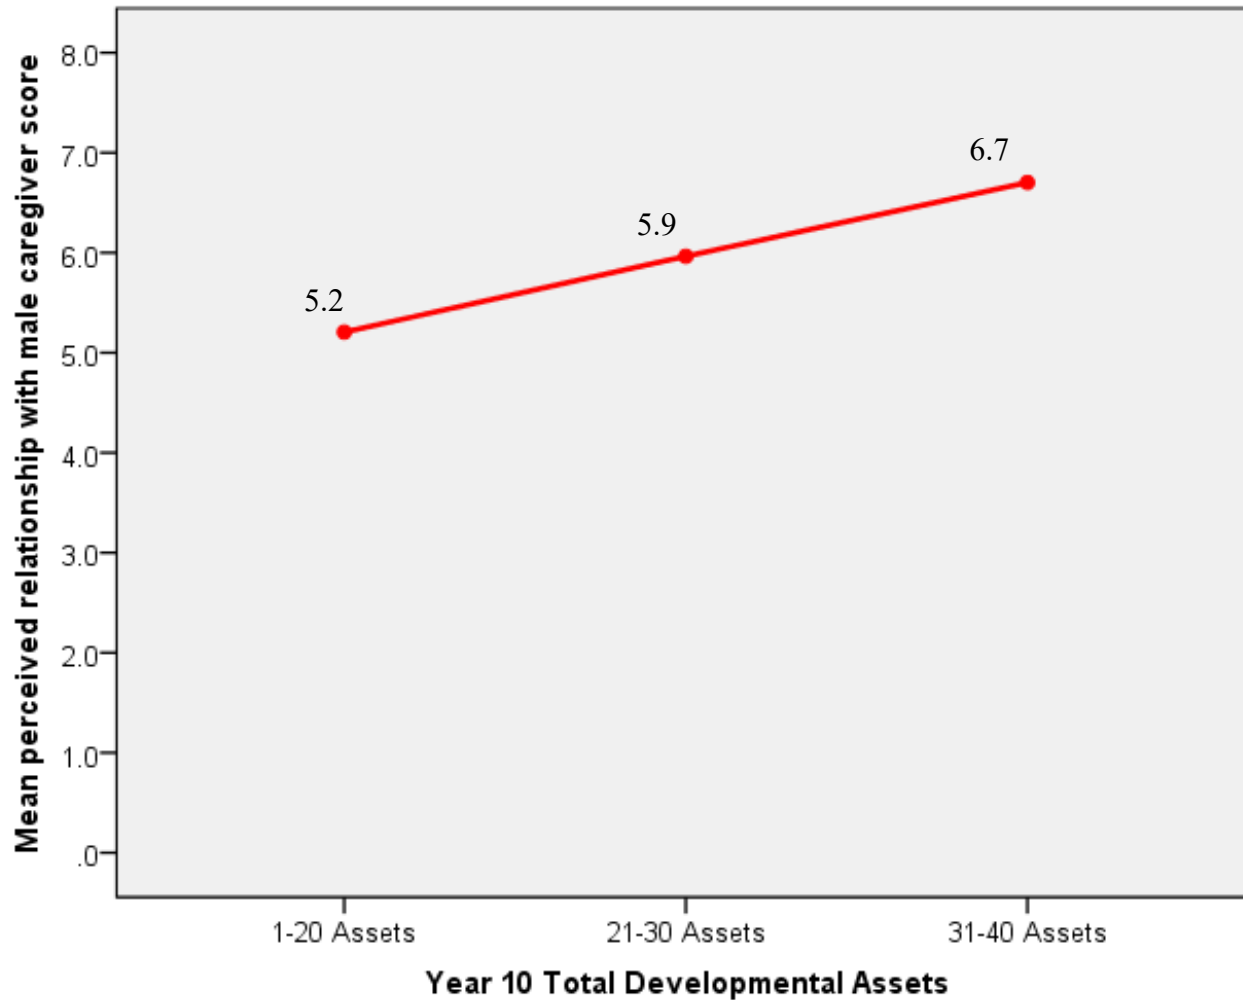

Mean active coping score, by youth in care's total developmental assets, OnLAC yr 10 ($n = 1,228$)

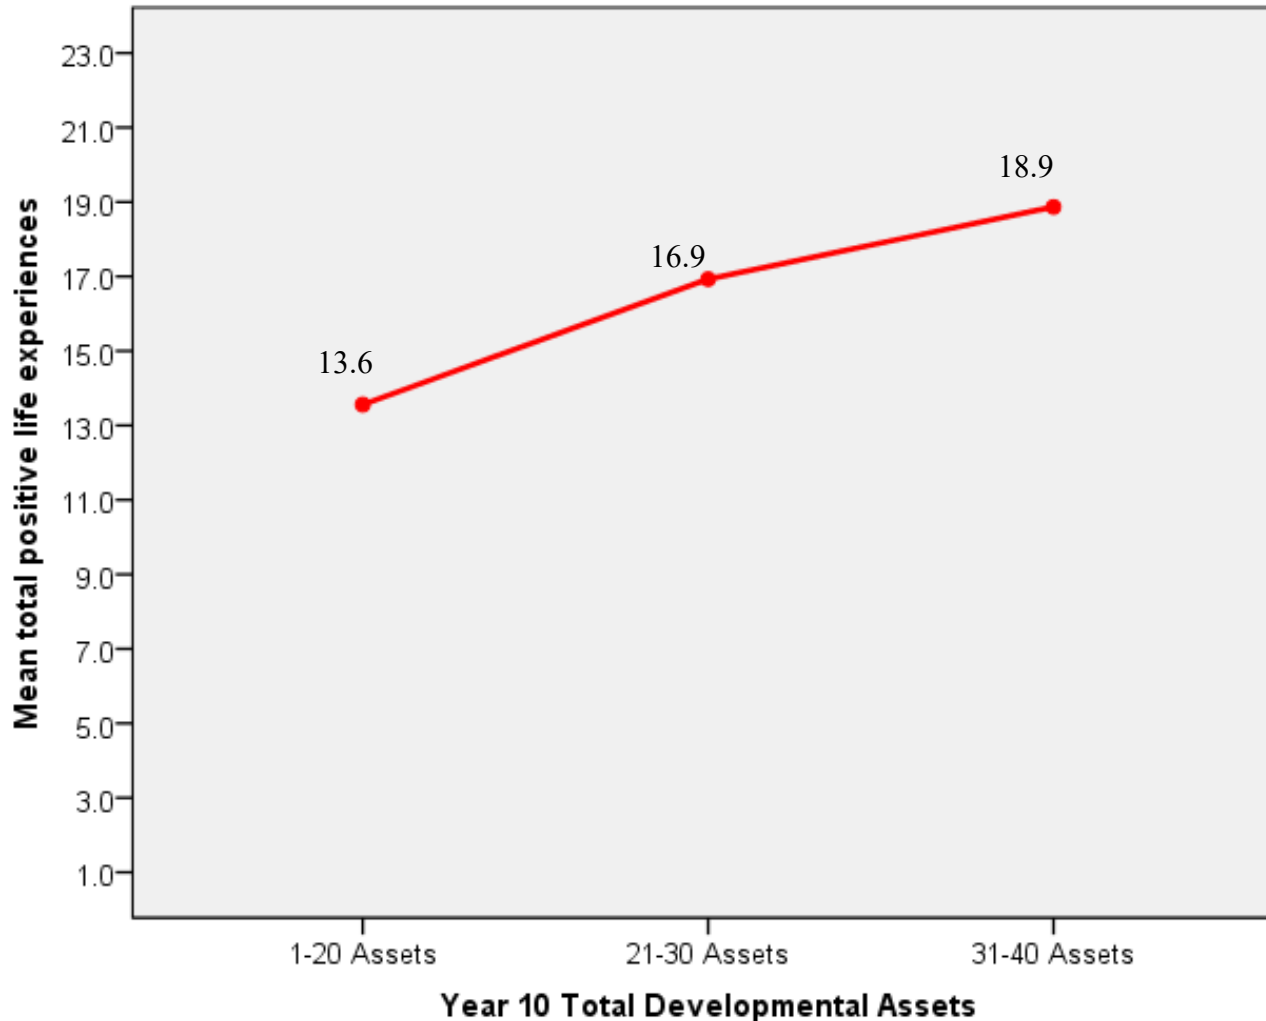

Mean score on youth in care's perceived relationship with female caregiver, by youth's total developmental assets, OnLAC yr 10 ($n = 1,063$)

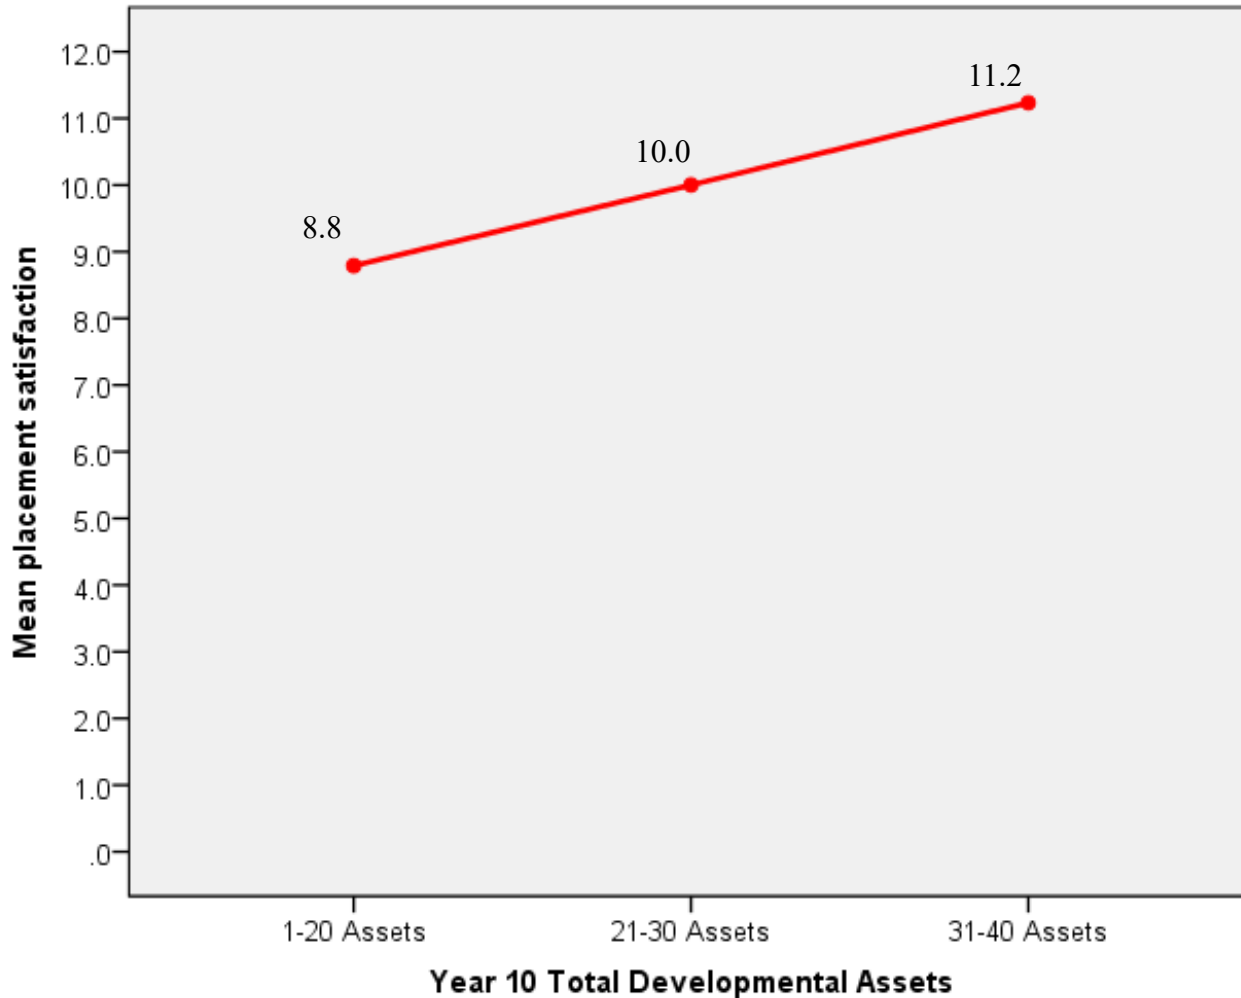

Mean score on youth in care's perceived relationship with male caregiver, by youth's total developmental assets, OnLAC yr 10 ($n = 916$)

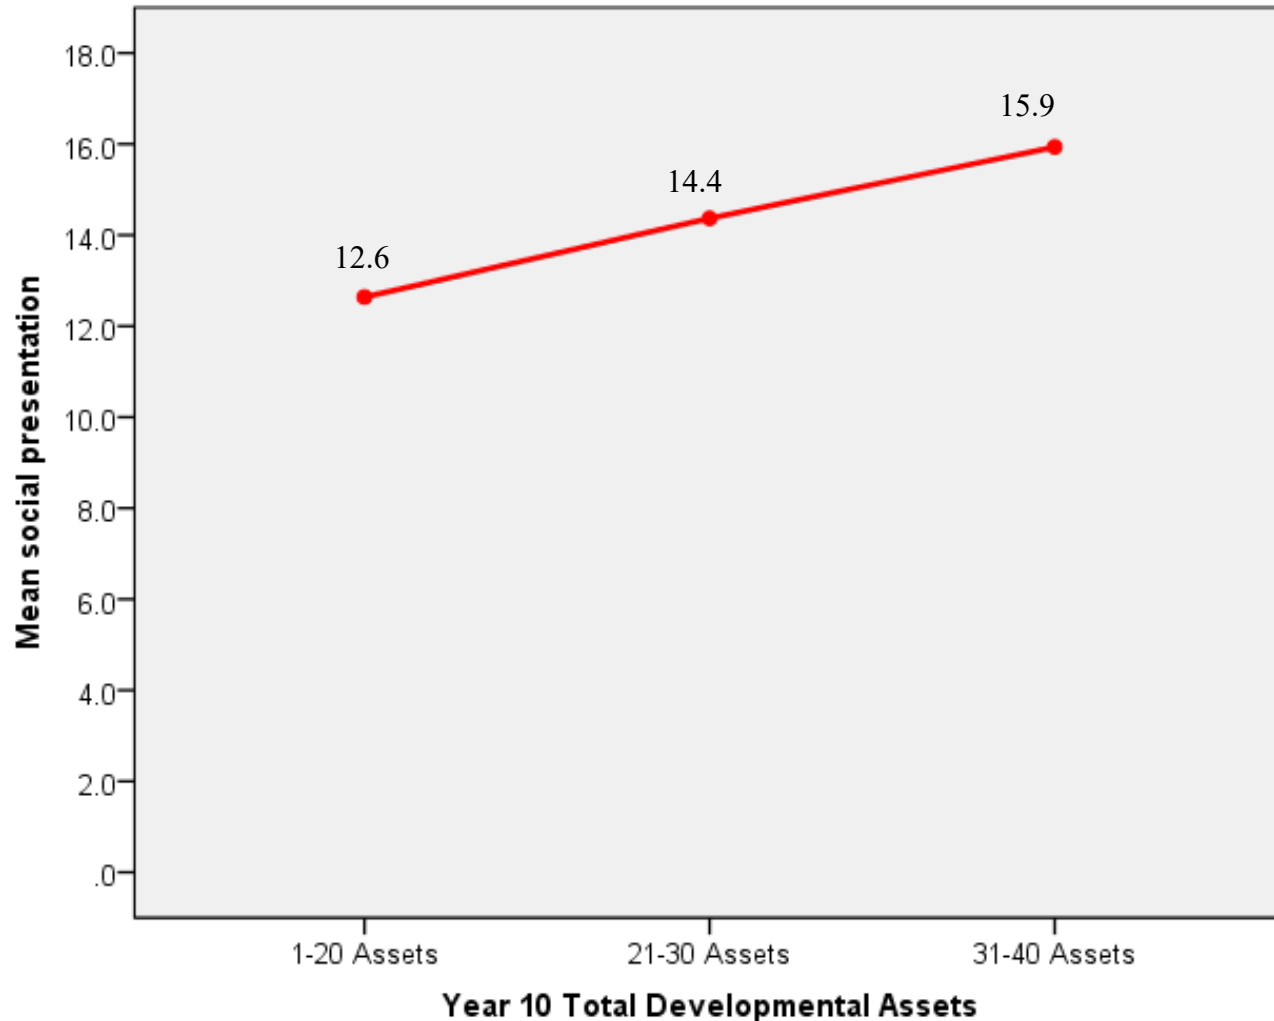

Mean number of positive life experiences, by youth in care's total developmental assets, OnLAC yr 10 (*n* = 1,257)

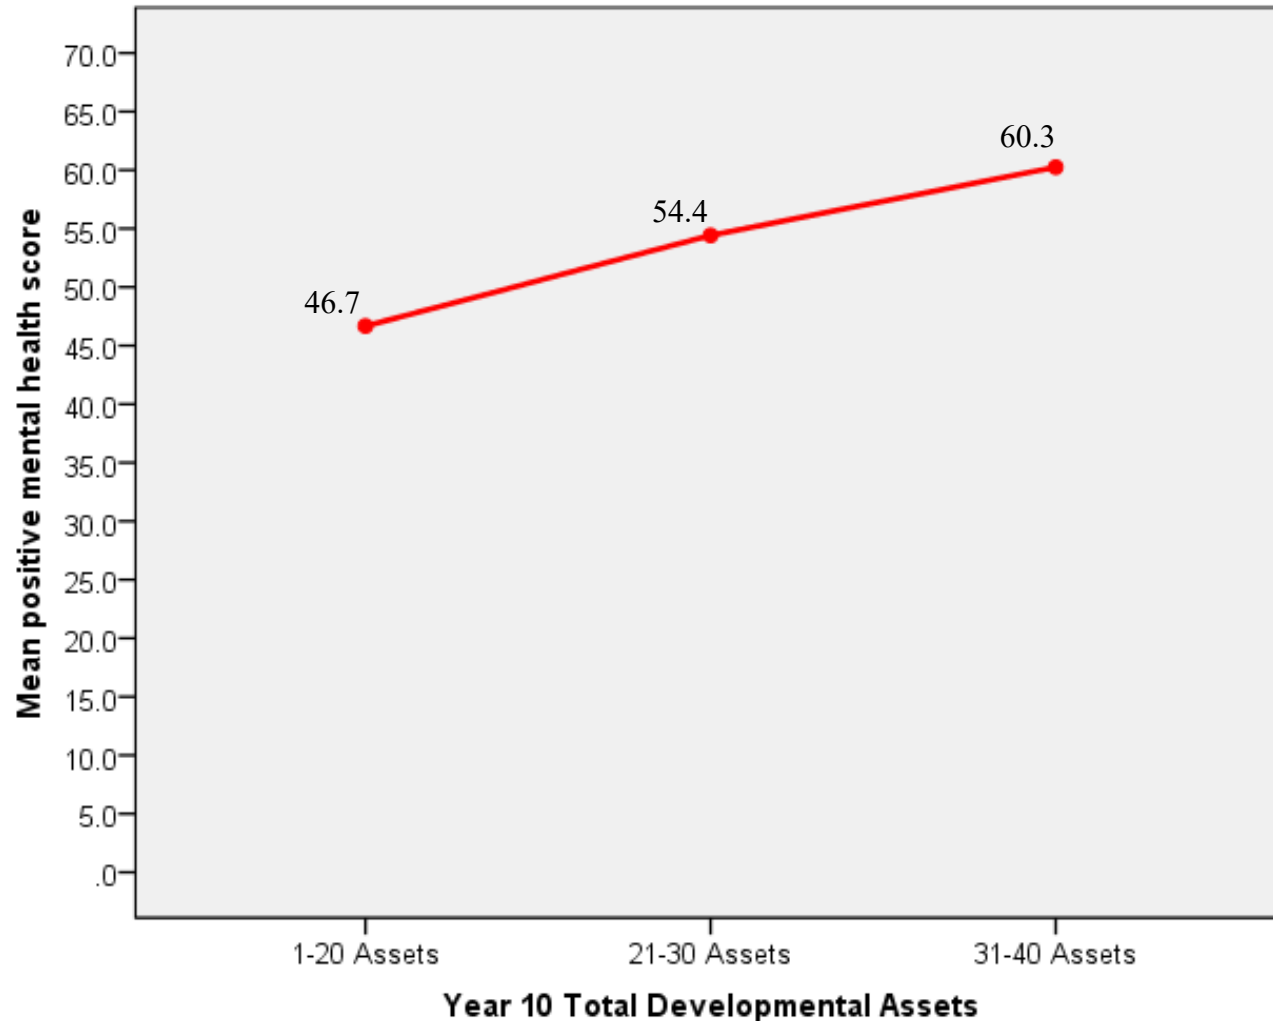

Mean placement satisfaction, by youth's total developmental assets, OnLAC yr 10 ($n = 1,250$)

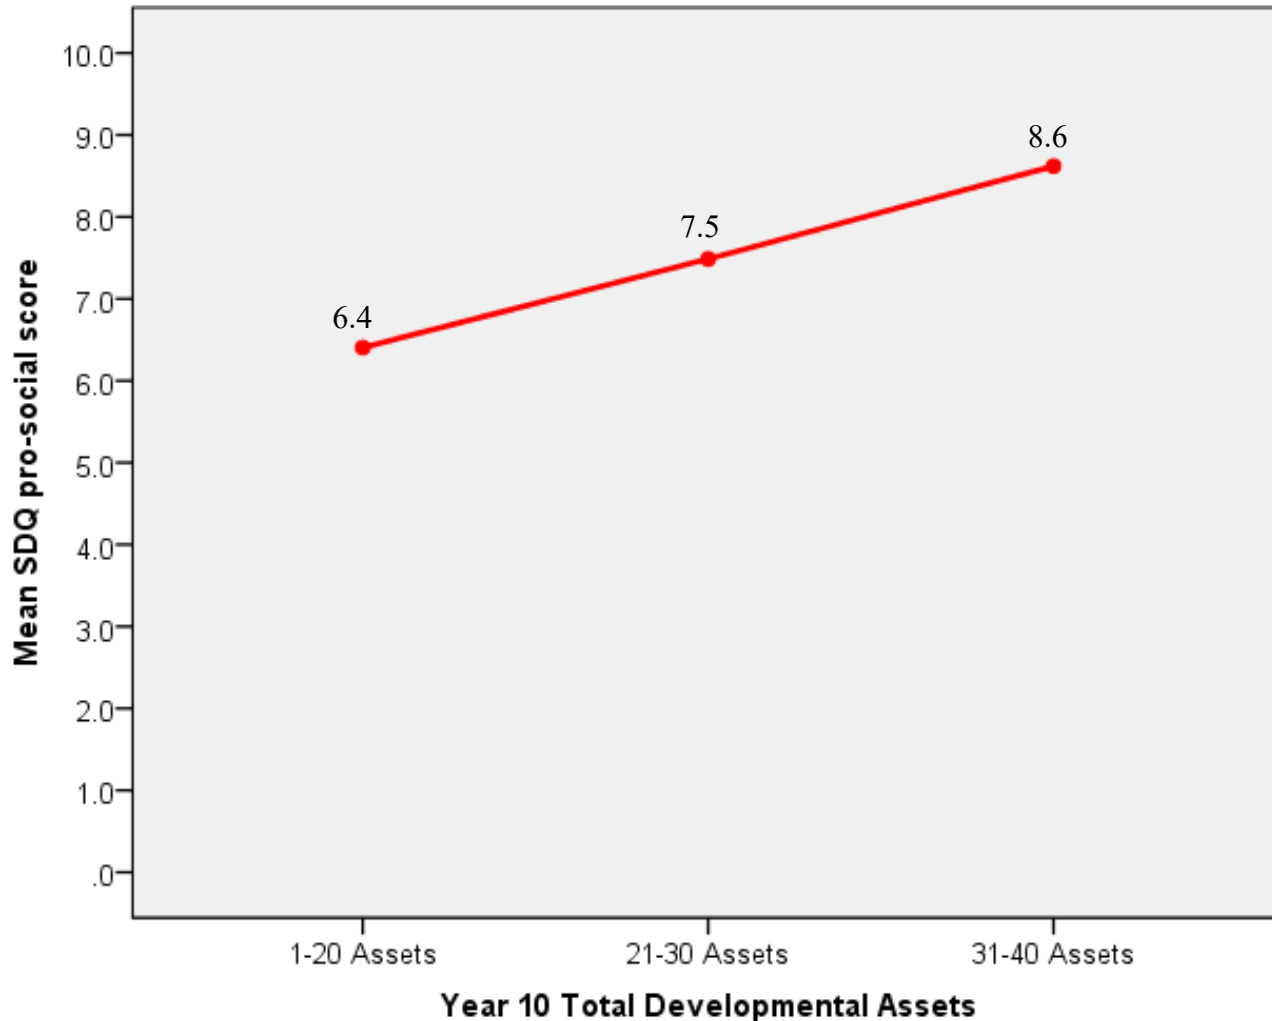

Mean social presentation score, by youth's total developmental assets, OnLAC yr 10 ($n = 1,290$)

Mean positive mental health score, by youth's total developmental assets, OnLAC yr 10 ($n = 1,129$)

Mean SDQ pro-social score, by youth's total developmental assets, OnLAC yr 10 ($n = 1,294$)

Mean SDQ total difficulties score, by youth's total developmental assets, OnLAC yr 10 ($n = 1,294$)
