Subject: Jurisdictional Scan - Impacts of COVID-19 on Student Placements

Dear PNATF members,

The jurisdictional scan regarding the impacts of COVID-19 on student placements has been uploaded to CNPHI and is available through the following link: <https://www.cnphi-rcrsp.ca>

If you have any questions, or trouble viewing the document, please contact the CHW Secretariat.

Thank you,

CHW Secretariat | Secrétariat du CES
hc.chw-ces.sc@canada.ca

Subject: Jurisdictional Scan - Impacts of COVID-19 on Student Placements

Dear PNATF members,

On behalf of PNATF co-chairs Michelle Acorn and Jennifer Berry, the CHW Secretariat is reaching out today to conduct a jurisdictional scan regarding the impacts of COVID-19 on student placements within your jurisdictions. Responses will be compiled and saved to CNPHI.

Please respond to the questions below by replying to this email by **January 22, 2021**:

- a) Are student work placements taking place across all sectors?
- b) Have public health restrictions (one student, one site) impacted student placements?
- c) Are students being utilized as paid employees within your jurisdiction?
- d) Have educators delayed programs due to COVID-19? (I.e. are summer programs being utilized to “catch up”?)
- e) Are students using simulation labs/virtual learning in place of in-person clinical learning?
- f) Are students permitted to work with COVID+ patients?
- g) Any other information you would like to provide regarding the impacts of COVID-19 on student placements within your jurisdiction.

Thank you,

CHW Secretariat | Secrétariat du CES
