Good day,

This afternoon we had a youth from our Secure/Remand Unit who was going to attend in person court, therefore, a POCT was completed. The result of this test was POSITIVE. Staff members completed tests on the remaining 6 youth where another youth's result came back POSITIVE. We have moved into OUTBREAK STATUS and the Unit has been organized where the youth who are negative are on QUARANTINE STATUS and the youth who are positive are on ISOLATION STATUS. We've had our initial discussions with Public Health and awaiting further discussions with a team member that will be assigned to our case. We will follow their direction as such. Signs have been posted on our Secure/Remand Unit and we will begin moving through the Outbreak Status and De-Escalation Measures Matrix with Public Health.

Important to note - Initial youth who tested positive has been with us for a while, however, had a family visit on the weekend. Both youth are asymptomatic and feeling well.

If there are any questions or concerns, please don't hesitate to contact me.

Thank you,

Heather Zablocki
